

Quarter Hour Times: Grade 1

Worksheet

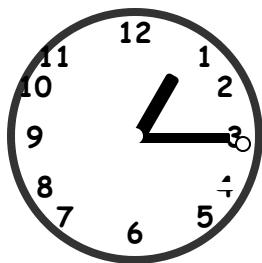

Name: _____ Date: _____

Learning About Quarter Hours

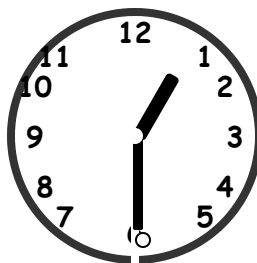

Did you know? The minute hand makes one full circle around the clock in 60 minutes (1 hour).

- When the minute hand points to 3, it's **quarter past** the hour (15 minutes past)
- When the minute hand points to 6, it's **half past** the hour (30 minutes past)
- When the minute hand points to 9, it's **quarter to** the next hour (45 minutes past)

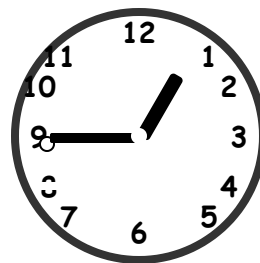

Quarter past 1

1:15

Half past 1

1:30

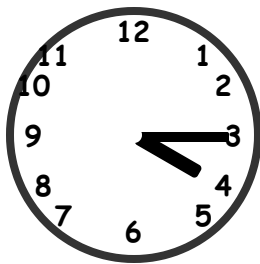

Quarter to 2

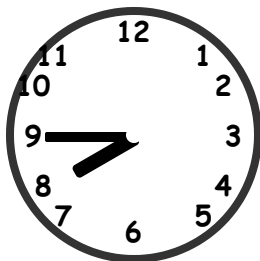

1:45

What Time Is It? Write the Time!

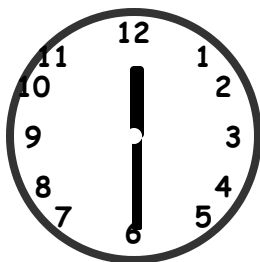

Look at each clock and write the time. Use "quarter past," "half past," or "quarter to."

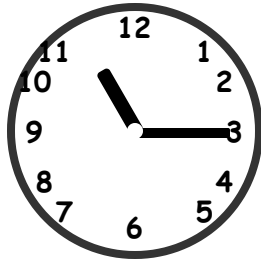

Quarter past __

Quarter to __

Half past __

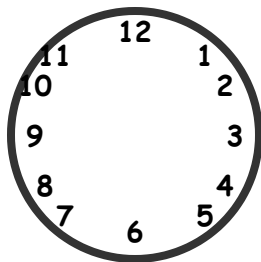

Quarter past ____

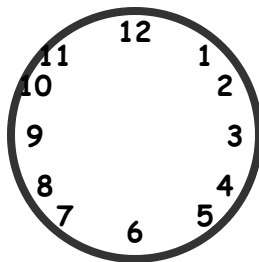

Draw the Clock Hands

Draw the hour and minute hands to show these times:

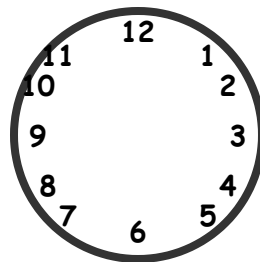

Quarter past 3

Half past 7

Quarter to 9

Match Digital and Analog Times

Draw a line to match each digital time with the right clock!

Digital Times

Analog Clocks

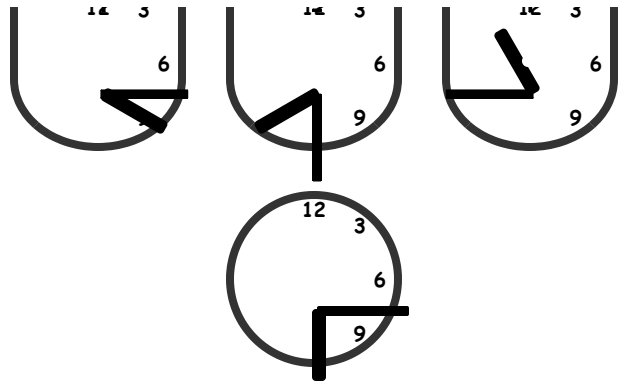

4:15

8:30

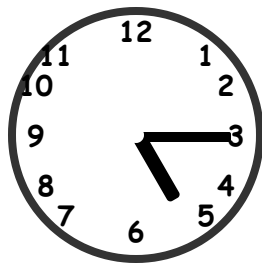

11:45

6:15

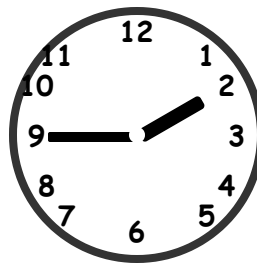

Write the Time Two Ways

Write each time in two different ways!

1. Quarter past 1

2. _____

1. Quarter to 12

2. _____

Time Word Problems

Solve these time problems!

1. School starts at 9:00. Math class is at quarter past 9. What time is math class?

Answer: _____

2. Lunch time is at half past 12. What time is lunch?

Answer: _____

3. Music class ends at quarter to 2. What time does music class end?

Answer: _____

Answer Key

What Time Is It?

1. Quarter past 4
2. Quarter to 9
3. Half past 12
4. Quarter past 11

Draw the Clock Hands

Quarter past 3: Hour hand between 3 and 4, minute hand at 3

Half past 7: Hour hand between 7 and 8, minute hand at 6

Quarter to 9: Hour hand between 8 and 9, minute hand at 9

Match Digital and Analog Times

4:15 → Clock with hour hand at 4, minute hand at 3

8:30 → Clock with hour hand at 8, minute hand at 6

11:45 → Clock with hour hand at 11, minute hand at 9

6:15 → Clock with hour hand at 6, minute hand at 3

Write the Time Two Ways

Quarter past 5 = 5:15

Quarter to 3 = 2:45

Time Word Problems

1. 9:15 or Quarter past 9

2. 12:30 or Half past 12

3. 1:45 or Quarter to 2

Great Job with Quarter Hours!

You're becoming a time expert!
